Five petition review teams and one appeals team have been set up to evaluate the 288 petitions the Academy expects to receive in this, the class of 1989, certification maintenance year. Each team has three members.

Team 4 requested to remain intact and the petition reviewer with the most experience leads Team 5, which has two new reviewers this year. Four reviewers hail from Texas, three each from New York and Missouri, two from Massachusetts, and one from Washington, Tennessee, California, Hawaii, Michigan, and Florida.

The first batch of nineteen petitions has gone out to reviewers.
I am developing a pool of potential petition reviewers, so if you know of anyone who is interested in being active in the Academy, please pass on their contact information to me.

Thank you to Steve Grandin, Cindy Smolovik, Judy Cetina, and Mike Holland for their advice and good counsel.

Respectfully submitted,
